Re: FOIA Request No. 1819-060

Dear Paxtyn:

Your request to Detroit Public Schools Community District (“DPSCD”) under Michigan’s Freedom of Information Act dated Thursday, December 13, 2018, was emailed to DPSCD’s FOIA Coordinator and per MCL §15.235(1), is treated as received, Friday, December 14, 2018, with an initial response due five (5) business days later, Friday, December 21, 2018.

The FOIA request seeks:

A copy of the standard curriculum currently used for sexual education throughout the school district. If there is different standard curricula for different grade levels, I would like all of those individual curricula.

Pursuant to Section 5(2)(d) of FOIA (MCL §15.235(2)(d)), DPSCD gives notice that it is extending for 10 business days the period during which it will respond to your request. This extension results from DPSCD’s need to identify, amass and/or review responsive documents, if any such documents exist. As a result of this extension, DPSCD shall respond to your request on or before Monday, January 7, 2018 (10 business days from Friday, December 21, 2018).

In DPSCD’s forthcoming response, if applicable, DPSCD will provide an estimate of costs attendant to fulfilling your FOIA request. The method of compilation for any such costs is discussed in DPSCD’s written FOIA Procedures Summary found at:
